Page 2 of 2

Features:

- Using the special vibro chisel set turns every commercially available compressed air hammer to an ideal problem solver for opening rusted screw connections and for loosening components.
- The screw loosener chisel attachment loosens screws with different profile effectively and carefully.
- The strong vibrations of the compressed air hammer are transferred direct to the screw connection whereas a rotating motion is applied using a commercially available wrench at the same time.
- The hammer mandrel attachment is an amazing support with each extractor procedure (e.g. ball joint pivots).
- Furthermore, the set includes a pressure plate adapter for driving out bearings / sleeves / bushes, etc..

Advantages:

- Loosening without causing damage - The screw does not tear /break
- Time consuming and annoying drilling is no longer required
- Vibration have a strong rust removing effect
- Moreover, vibrations ensure for a deep penetration of rust removers
- Material protecting and effective knocking out and driving out
- Brilliant enhancement for every compressed air chipping hammer

PT330KA11

10 pcs Special Vibro Chisel Set

Contents:

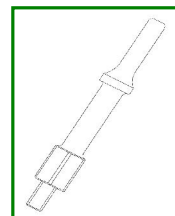

- 1, 250mm Air Hammer
- 1, Quick Change Retainer
- 4, Cr-mo Chisel (with Round Shank)
- 3, Impact Plate
- 1, O-Ring Set

Blow Mold Case

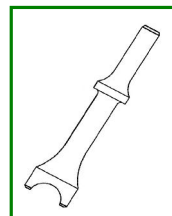

Also Available:
