

AT76L01 Rain and Light Sensor Removal Tools

Applicable:

These tools are designed to remove soft-glued rain and light sensors from most vehicles such as Chrysler, Jeep, Mazda, Mercedes and BMW

These three removal tools can remove about 90% of rain and light sensors on the market

Instructions:

1. Remove the windshield and heat the outside of the windshield with a heat gun
2. Choose the suitable tool over the sensor and loosen the adhesive using sideways pressure
3. When glass is replaced, put the sensor back on to the vehicle using a new adhesive pad
