SET080

9" Drywall Sander

ET1748 480 Watt 800 ~ 1600 rpm

ET1762 620 Watt 1000 ~ 2000 rpm

- The most efficient possible method of sanding drywall and plaster walls and ceilings. Get the job done times faster, with less effort and with better results than ever before. All in the comfort and dust free work environment.
- With its 4 meter hose with bayonet swivel connection, it's designed to work with a vacuum so there is less dust in the air, less sanding paper clogging and no after-cleanup needed.
- The pivoting sanding head follows the contours of the work to allow a perfect, swirl-free finish.
- The speed is infinitely variable between 1000 and 2000 rpm so you can tailor the speed to the work surface for best results.
- The hook and loop backed sanding disc for velcro sanding paper.
- Less scaffolding is needed since it can sand most ceilings just standing on the floor.
- The excellent balance and light weight allow you to finish the job without fatigue.
- Designed specifically for use with our drywall sanders for turly dust-free sanding. Anti-clog and very long-lasting.
- Diameter of dust collect cover: 255 mm

**Adjustable Length:
1150 mm ~ 1650 mm**
