Combination Belt Disc Sander 6" Belt & 10" Disc

For Both Wood And Metal Shop Applications

Model No. **TT-881**

Standard Features:

6" Belt Finisher

- Belt operates at any angle – horizontally, vertically, or any angle in-between
- Fine thread adjustment for simple and easy belt tracking
- Large cast iron ribbed table
- Table tilts up 45 degrees out, for all angle finishing operations
- Adjustable dust deflector and dust chute
- Optimum speed of 1710 SFPM, which is ideal for both metal and wood finishing requirements
- Upper idler drum is supported on both sides with bearing
- Plain and compound miters are easily obtained by using the standard miter gauge

10" Disc Sander

- Fully machined, balanced disc runs vibration free
- Shaft-mounted disc for power and accuracy
- Large cast iron ribbed table
- Table tilts up to 45° out for all angle finishing operations
- Easy to read scale shows exact degree of table tilt
- Optimum speed of 1850 RPM, which is ideal for both metal and wood finishing
- Plain and compound miters are easily obtained by using the standard miter gauge
- Heavy duty, one piece steel stand

Specifications:
